

- Gaseous Generator:
 - Fuel: Natural Gas, LP or Wellhead Gas
 - 277/480VAC, 3 phase, 4 wire, 60 Hz, 1800RPM
 - Prime Power 297kW/374kVA (450 output amps)
 - 125 degree C Prime Power rated
- Standard Features:
 - PSI Engine
 - NG D183TIC 18.3L, 4-cycle, 10-cylinder, turbocharged, charge air cooled Engine
 - HCI434D-311, 277/480V 12 lead PMG Alternator
 - Tri Axle Oil Field Trailer - #7000 Axles, electric brake, 3" Pintle
 - IntelliGen Controller - Unit to Unit paralleling feature set
 - 600AT, 100% rated Electronic Line Circuit Breaker
 - Skid-mounted in heavy-gauge aluminum sound attenuated enclosure
 - Dual Stage Air Cleaner
 - Critical Grade Silencer with Flex Connection
 - Coolant & Oil Drains Plumbed to skid base, w/ shutoff valves
 - 16 gallon Ren Oil makeup unit
 - Auto change over Nat. gas to L.P. Liquid
 - Battery Disconnect Switch
 - Panel Light
 - Buck Transformer w/120VAC outlet receptacles
 - Starting Batteries, Rack and Cables
- 1 Year/2,000 Hour Prime Power Warranty
- EPA Certified
