COMBO UTILITY TRAILERS

MOBILE POWER, LIGHT AND WATER

Combo Units from Generac Mobile provide power, light and water on one mobile trailer. These multi-tasking units allow for simplification and consolidation of equipment for a wide range of applications including industrial work sites, remote location projects and disaster recovery initiatives. Onboard generators provide up to 20kW of power, while four powerful metal halide fixtures illuminate the dark. The large water tank holds up to 500 gallons (1895 L) of non-potable water.

APPLICATIONS

- Oil and gas, remote site support
- Construction sites
- Disaster recovery
- Municipal projects
- Base camps
